

**6 V / 5A DC Power Supply for Obelux Obstacle lights****Key features**

- Extremely reliable - long lifetime
- Optimised for Obelux LED-obstacle lights
- Degree of protection IP67
- Die cast aluminium enclosure
- Easy to install
- No RF-radiations
- 5 years warranty

**Electrical characteristics**

- 230 or 115 V AC
- Power consumption max 40 VA
- Output voltage 6 V DC
- Maximum output current 5A

**Mechanical characteristics**

- Yellow powder painted die cast aluminium body
- Degree of protection to IP67
- Operating temperature range -55°C to +55°C
- Height 348 mm, width 205 mm, depth 115 mm
- Weight 4 kg

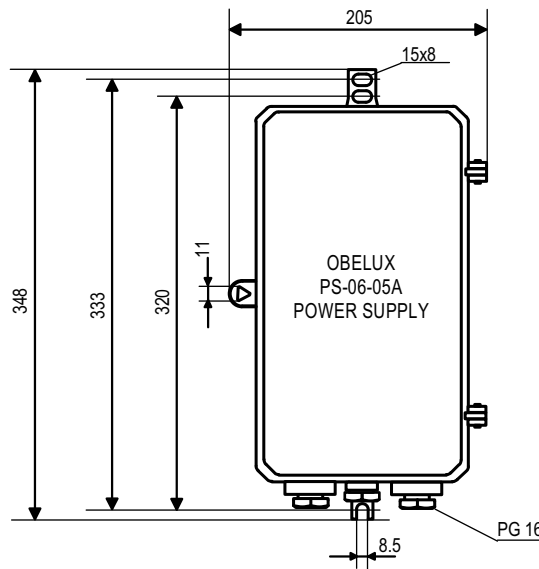

**Obelux PS-06-05A Power Supply****Order codes:**

Obelux PS-230-06-05A for 230 Vac system  
Obelux PS-115-06-05A for 115 Vac system
